Road Improvement.

The action of the court in getting tractors to move the road machines is highly commendable. The work done in this way is cheaper and makes the roads exceptionally good. Where the rocks are not too numerous, the machines will complete at least five miles per day and do it just right. Another tractor will be in use in Butler district on and probably still another later. Three will keep the roads up to date A shortage of teams and men lead the court to try the experiment and now that the machines have proven their worth, they will be used extensively in the future.-News.

Big Case Becomes Sensation.

There were many people here Tues-day attracted by a case which proves all too true the old adage of "making a mountain out of a mole hill." Emmett Fannin rented some farm land from David Shepherd at "Seed Tick," East Fork in Lawrence county and canned right to the fedder which he sold to Dr. J. C. Hall. Shepherd claimed to have had the refusal the fodder. There were only about 11 shocks at 25 cents a shock. Suit was filed by Shepherd vs. Dr. J. C. Hall and Emmett Fannin. This was tried once before in Louisa and on retrial was brought to Boyd county and tried in Squire Blair's court and was repealed to the quarterly court whence it is being tried today. This 'nvolves about 44 witnesses. Several hundred dollars have already been spent by the litigants. A judgment was rendered in favor of Hall and Fannin. This is the third time judgment has been rendered favoring the defendants, and each time Shepherd has appealed the The costs in the case amount to

## RED CROSS EXTENDS **ACTIVITIES TO BENEFIT RURAL COMMUNITIES**

THE Red Cross is your Red Cross, serving you at home, representing you abroad. It is for you, now that the war emergency is past, to make the most of its far-reaching ability to

Home Service work, undertaken by the Red Cross Department of Civilian Relief, served in war time to aid the families of fighting men and to relieve

anxiety of soldiers in camps.
Out of experience gained in this work comes the Red Cross plan for the future. The common objective of all Red Cross work is to improve gen eral living conditions, to conserve the health and to promote the welfare

of all people.

In the larger cities community im provement has already reached a high state of development. It is left for the Red Cross to assist in furthering such work at the request of established agencies.

But in the small cities and towns the Red Cross service is only limited by the interest and response of the public to the opportunity offered by the peace time extension of the Red Cross.

Home Service is not charity work The Red Cross organization is open to all. All may benefit by making the most of its far-reaching ability to Health, education, the development of the public health nursing idea and al-

REPORT SHOWS INCREASE IN HOME SERVICE WORK DURING THE PAST MONTH

HILE the new work of the Red Cross Home Service sections is being launched throughout Ohio, Indiana and Kentucky, the aftermath of war cases is not being neglected.

The last monthly report from the Civilian Relief office in Cleveland shows 108 home service sections organized in Ohio—106 in Indiana and 144 in Kentucky. These 357 orga bands of workers have dealt with 40,709 families during the month—giv-ing specialized information in 10,716 instances and rendering tangible service in 30,624 cases.

# VETS TO MEET IN LOUISVILLE OCTOBER 3 AND 4

State Convention of American Legion Will Sound Keynote Against Un-Americanism

### BROAD PLATFORM IS ADOPTED

Louisville, Ky., August 4 .- (Special) When the soldiers, sailors and marines of Kentucky meet at the State Convention of the American Legion in, Louisville, October 3 and 4, as the representatives of 100,000 veterans of the world war, the keynote to be struck will be that of a new vigilance organization which will stund for the protection of American ideals and which will oppose with its full strength lawlessness in any degree, whether it s based on open adherence to Bolshevism or any other form of anarchy or whether it takes the more insidious phase of secret propaganda based on any kind of adulterated Americanism.

Judge Henry De Haven Moorman, of Hardinsburg, State Commander, and Attilia Cox, Jr., Organization Chairman, declare that they reflect the views of the returned veterans when they assert that the new American Legion is standing firmly on the platform that pro-Germanism and its kindred are as odlous today as ever.

"The Legion," states Commander Moorman, "is merely the continuance, in an organized way of the force for good which our 4,000,000 soldiers, saliors and marines represented in the war. They are organizing themselves so that demobilization of our armed forces will not have dissipated this great force. With an awakened conscience, regarding their individual and collective responsibility in a new light, they propose to keep America safe for lemocracy."

At a meeting in Louisville yesterday, the time of the State Convention was fixed and arrangements were made by Organization Chairman Cox to have every county represented in the deliberations of the first after-thewar assembly of veterans in Kentucky. An intimation of the great protective activities of the Legion is expected to be given during the meeting. George R. Ewald, of Louisville, is chairman of the State Convention Committee, which is working with the Louisville Convention and Publicity League in

planning the convention. Activities of the American Legion re well under way. Beginning August 4, a corps of volunteer workers left for a tour of the state, perfecting tocal organizations and making sure that Kentucky will be fully represented when the first national convention of the Legion is neid, beginning Armistice Day, November 11, in Minneapolis, Veterans are calling November 11

'American Legion Day." The American Legion will be a semigovernmental adjunct. Its incorporation in Congress is pending. It is besigned to make laws against alien and domestic disturbers more effective and to make 100 per cent Americanism a

reality. President Wilson has endorsed the In the American Legion. Weekly of July 25, a letter from the

President is quoted as follows: "I am happy to have this opportunity to address a word of greeting and comradeship to the men who served in the Army, Navy and Marine Corps and are now banding themselves together to preserve the splendid traditions of that service. I have had a chance to see these men on land and sea, at home and abroad. The spirit of their service was as splendld as its success, and the continuation of that spirit in the American Legion will make it always an inspiration to the full performance of high and difficult

duties.

Kentucky headquarters, 714 Inter-Southern Building, Louisville, is a place of varied activity. A state en ployment bureau, under Emmet O'Neal, is in operation, and Mr. O'Neal is in touch with local posts which also have employment officers. Charles H. Moorman is War Risk Officer, co-operating with local posts in looking after insurance, bonus and compensation problems of the soldiers and sallors now, back home. Colone Arthur Woods, assistant secretary war, has asked the full help of the Legion throughout the country in looking after the employment question Lieutenant H. B. Turner, of his staff, at a conference in Louisville last week arranged with Legion leaders and representatives of the War Camp Community Service, for the immediate opening of a central bureau in the downtown section, Lieutenant Turner is now visiting other cities in the state with a similar object.

Dr. Arthur McCormack, of Bowling Green, as rehabilitation officer, is push ing vocational training and at the same time is interesting medical men in the Legion. James P. Gregory is planning a speakers' campaign and is endeavoring to bring nationally prominent members of the Legion to Kentucky.

Another phase of activity at state-headquarters is the issuance of charters to local posts. Fifteen have been thus far and numerous others are in process of formation, according to D. A. Sacha, State Adjutant.
